

VIVA – MASSAGE TABLE

NEW

Armrest

Adjustable Head Section

Adjustable Armrests

Shown in Dark Cherry upholstery

FEATURES

The Viva massage table was designed with therapist needs and client comfort in mind. Its sleek ergonomic shape decreases reaching and leaning with enough table length for tall clients. Handy levers adjust full armrests simultaneously, pivoting and rotating at the shoulder for superior comfort in prone, supine or seated positions. This model has an enhanced crescent head section, providing ultimate support and customization, while the interchangeable head rest optimizes function and space.

SOFT TOUCH TECHNOLOGY

Cardon's patented Soft Touch Footswitch has been strategically positioned on the base of your treatment table. **Minimal** amount of pressure applied by your foot will raise and lower the table with ease.
